

CONCURRING OPINION BY FOLEY, J.

I concur. Iaea prevailed before the Insurance Commissioner by doubling the amount of no-fault insurance benefits he was to receive from TIG. Clearly, it was an abuse of discretion to deny Iaea reasonable attorney's fees and costs under Hawaii Revised Statutes § 431:10C-211(a) given Iaea's success and the absence of any reasoned denial. Wong v. Hawaiian Ins. Cos., 64 Haw. 189, 192, 637 P.2d 1144, 1146 (1981).
